

DRINKING WATER SOLUTION FOR HOME & OFFICE

3C has multiple products that can be utilized for Drinking Purpose, especially for Home and office. It removes all Physical, Chemical, and Biological impurities. Our Purifier also adds essential minerals which are generally removed by the R.O. plant. 3C gives alkaline water which helps to neutralize such acidic impurities. This system helps to customize the pH/alkalinity and concentration of minerals in water as per the needs of the consumer as such provision is provided in the machine itself. It brings water purifier that treats varying water sources such as borewell / municipal or tanker water. We use world's best and latest technology for purifying water like Reverse Osmosis, Ultraviolet, Ultra Filtration, Bio-Ceramic, Anti Oxidant Alkaline and pH Balance.

INDUSTRIAL WATER TREATMENT

3C is a manufacturer and supplier for all kinds of Water Treatment plants. We are expertise to offer end-to-end solutions for Water treatment plants. All our industrial reverse osmosis Plants are fully customized and configured to suit the individual requirement. which varies from normal drinking application to the specific usage, such as Institutions, Food Processing, pharmaceuticals, and boiler feeding requirement.

Softener to
Softens Hard Water
of Homes, Societies, Hotel etc.,

ION EXCHANGE

Refreshing the Planet

KEEP YOUR HAIR AND SKIN HEALTHY ALWAYS
